Important notes:

- Application fees are required for new students, including newly-enrolling siblings.
- Tuition payments are affected by tuition assistance
- Flatirons Academy offers a tuition assistance program for families who demonstrate and qualify for need as determined by a third-party organization. Assistance must be applied for annually.
- **There are no refunds on monies already paid in case of student withdrawal.** Please see the current financial policy below.

Flatirons Academy relies on tuition income to meet annual operating expenses. Therefore, it is necessary that the financial obligations of enrollment be for the entire school year. Once the student attends the first day of school, the financial obligation remains for the entire school year regardless of voluntary withdraw or suspension. Parents are responsible for the timely payment of the full annual tuition and other fees due Flatirons Academy. The only exception to this policy is if another student fills the vacated seat in a full class. If the seat is replaced in this manner, the exiting family is only responsible for tuition through the last day prior to the new student's start day. All tuition and fees paid up to that date remain with Flatirons Academy.
